

## Medical Laboratory Routine Samples/Specimens

1. Chroeng Sopheap
2. Seang Sosorphea
3. Oeng Sopheap
4. Heng Chanvisal
5. Boy chansopheap

1. Planning
2. Human resource
3. Training
4. Supply Chain
5. System for transport
6. Monitoring and Evaluation
7. Partnership
8. Communication

### Strong Points

1. Supply triple packaging (Reuse EQAS sample)
2. Procedure for packaging
3. Staff response
4. Trucking document
5. Reference Lab
- 6.

### Weak Points

1. No Procedure for transport
2. No trucking system
3. No Standard carriers
4. Not whole training for sample packaging and transport

## PLANNING

### Sample Referral Mapping

HC > RH CPA1 > RH CPA2 RH CPA3 > NH/National Program

Plan for developing sample referral trucking system on line, WHO plan

Plan for training PHD/Hospital drivers or carriers

Plan budget for training and supporting sample transport

## HUMAN RESOURCES

PHD/Hospital drivers, Lab staff, Health Center staff/Health community workers, Private Carriers

Clinicians, Nurses

## TRAINING

National Training Curriculum

Guideline

Refresh training

Certification for competency

Training for PHD/Hospital drivers, Lab staff, Health Center staff/Health community workers, Private Carriers

Clinicians, Nurses

Training record

#### SUPPLY CHAIN

Packaging materials

Storage materials (dry ice, iceboxes, ....

PPE (Gown, N95, Face shield, goggles, closed shoes)

Spill kit

Computer, internet networking, tracking system

Control access limit/authorization

#### SYSTEM TRANSPORT

PHD/Hospital drivers or carriers or Local Postal Services

Pneumatic system (intra-Hospital, local)

#### MONITORING AND EVALUATION

TAT

Rejecting sample report

Cost/benefit

Specific tools for assessing capacity of transportation system

- Check list for assessor

- Check list for questioning performer

#### PARTNERSHIP

Local and international Laboratory partners

Inter-ministry partners

Local and international NGOs partners

#### COMMUNICATION

Regular meeting (Monthly)

Notification on CamLIS

#### OTHER

Documentation

Creat team (including PHD director, Hospital director, involved staff...)

Prepare summary report form of CamLIS for PHD/Hospital directors

In-questioned authority

Auditors/Inspectors

need to apply all lab

Certification
