

Event

Workshop to Discuss on Updates of CamLIS and Standard Laboratory Requesting Form

- **Date:** September 20- 21st , 2018
- **Venue:** **Phnom Bros Hotel, Meeting room (Province)**
- **Participants:** National, CPA3, CPA2 under performance CamLIS and Partners
- **Posted:**
- **Theme:** Biology Laboratories Sciences and Activities
- **Type:** Event
- **Language:** English

Ministry of Health in Cambodia with World Health Organization shared commitment to achieve better health to Cambodian people. Through BMLS and National Cambodian Laboratory Network Committee, CamLIS were set up in 34 laboratories across National and Provincial Hospital in Cambodia for supporting improving laboratory testing and data quality. The participants from CamLIS's sites and partners were invited to share ideas for developing acceptable recurrent standard *Laboratory Requesting Form* and also were informed any update of the system.

Output: New update of the system were informed and the common standard requesting form for medical laboratory analysis were also finalized after feedback from group discussion among participants.

Agenda

Day 1	Session	Speaker(s)/ Moderator(s)
8:00 - 8:30	Registration	Secretariat BMLS
8:30 - 9:30	Welcome, Objectives and Opening remark	WHO representative PHD of Kg. Cham representative Dr. SAU Sokunna, Deputy Director of DHS, MoH
	Introduction and Group Photo	Uch Monipheap, Ph and All
9:30 - 9:45	Coffee/tea break	
9:45 - 10:30	The development and implementation of CamLIS in Cambodia	Dr. SAU Sokunna, Deputy Director of DHS, MoH
10:30 - 10:40	Short video clip on the CamLIS installation at laboratories	Leng Vanra, WHO Technical
10:40 – 11:00	Feedback meeting with National program (HIV, Malaria, TB)	Dr. SAU Sokunna, Ieng Vanra

11:00 – 12:00	Presentation on current updates of CamLIS and Future steps	Ieng Vanra
12:00 - 1:30	Lunch	
1:30 – 3:30	Plenary discussion on current issues in CamLIS	Dr. SAU Sokunna Ph. SAM Sopheap Ph. OU Kimsan Mr. Ing Vanra
3:30 – 3:45	Coffee/tea break	
3:45 – 4:00	Presentation on controlling of laboratory results	Mr. Ing Vanra
4:00 – 5:00	Group discussion on Approving of Laboratory Results (divide in group)	Dr. SAU Sokunna Ph. SAM Sopheap Ph. OU Kimsan PharmD. BOY Chansopheap Mr. Ing Vanra
Time Day 2	Session	Speaker(s)/ Moderator(s)
8:15 – 8:30	Wrap up discussion from day1	Phar.UCH Monipheap
8:30 – 9:00	Group discussion on Approving of Laboratory Results	BMLS
9:00 – 9:30	Presentation on proposed standard laboratory request form	BMLS
9:30 – 9:45	Coffee/tea break	
9:45 – 12:00	Group discussion on laboratory request form (in group)	All
12:00 – 1:30	Lunch	
1:30 – 2:30	Feedback from group discussion on laboratory request form	ALL
2:30 – 3:00	Tips to create strong password	WHO
3:00 – 3:30	Summary and way forward	BMLS/DHS
3:00 – 3:45	Coffee/tea break	
3:45 – 4:00	Q and A	All
4:00 – 5:00	Closing session of launching CamLIS	WHO representative Dr. SAU Sokunna, Deputy Director of DHS, MoH

Report of the workshop

The meeting was being held at Phnom Bros Hotel meeting room in Kampong Cham province from 20-21 September 2018. 54 Participants from BMLS, National, CPA3 & CPA2 under CamLIS (34sites), and partners (ITECH, DMDP, WHO):

- The workshop objectives and agenda was introduced by Ph. Uch Monipheap.
- Interested speech of Deputy Director of Kampong Cham Provincial Health Department, Prof.assistant PANG Dany about successes activities and effective works supported by information system
- Interested noted of Deputy Director of DHS about important of technology update response to IHR and regional development, and the need to motivate physician using CamLIS system due to theirs access the system are limited. He also mentioned about lab staff should look back on theirs manuals and develop SOP against specific agents. One more interesting concern, is to include national Program such as Malaria, HIV and TB (pending) and animal Health in CamLIS. In the near future, Molecular Biology that few national program and laboratories performed shall be introduce in the system too.
- Mr. LENG Vanra, IT specialist from WHO Cambodia presented interesting video of CamLIS installation.
- Via discussion among stakeholders, we got feedback from national program about the challenge inserting result of malaria and HIV into system and the solution with clean explanation from the representative of CNM and NCHADs. The updated, issue recommendation, and Future steps in CamLIS were discussed on challenges and find solutions/recommendations.
- The issues of approving and controlling lab results is the sensitive approach for difference lab level. This issue refer to each lab to decide.
- Group discussion on lab request form were conducted and final lab requested form were accepted.
- Mr. LENG Vanra, IT specialist from WHO Cambodia presented the tip to create strong password for CamLIS users. (*see attached file*)
- Question and answer about supply of lab reagents form CMS, Suggestion CamLIS notification while any update or unappropriated chosen click and bottom for easy access to manual, short video of using CamLIS.
- CNM will make an exam in November 2018 to obtain the specialist in Cambodia in Malaria diagnosis examination by microscope.
- CNM: will send soft copy of national guideline and SOP related to Malaria to member today by mail (please alert back)
- More site for installing CamLIS in 2019.
